### About the Book

As a repossession specialist, Gavin Sykes has the means to legally and morally do what he does best—take things that aren't his. He thrives on repossessing high-end merchandise, hoping to atone for his shadowy past. But, even with all his experience, he never could have anticipated the future that awaits him.

When Sabrina Grady is hired to expedite the repossession process, she finally has the means to fulfill a promise she made long ago. New to the trade, what she lacks in experience she more than makes up for with courage, determination, and sheer willpower. While she expects Gavin to be a fierce competitor, she never could have anticipated his unwavering resolve or his intense desire to protect her.

Caught in a game of cat-and-mouse, Gavin and Sabrina must choose between seeking the thrill of the chase and seeking each other.
