### **About the Book**

Grace Bradford is living a lie. To the world she has the perfect life: A promising country music career and a husband who adores her. But her husband isn't the man everyone believes him to be. When a car accident widows her and ends her career, Grace escapes to Delaney Mountain. But moving to the remote town doesn't wipe away the ugly secret of her marriage.

Kyle Delaney never intended to return to Delaney Mountain, but he promises his dying father that he'll turn their land into a working cattle ranch. He uproots his life in Austin, sells his flourishing business as a music agent, and returns to the Colorado town of his childhood.

Can a runaway singer and a makeshift rancher, thrust together by circumstance and held together by the common thread of loss and a love of music, find hope and a happily-ever-after under the stars of Delaney Mountain?
