About the Book

When Mandy Brockman flies home from her friend's destination wedding, her heart is on empty at the thought of spending Christmas alone. It doesn't help that her ex is on the plane, seemingly unaffected by their breakup. But the kind-hearted man seated next to her seems to have it all together—and he's handsome to boot. She knows her emotional healing won't come in the form of another guy, but will the source of this man's peace and joy help Mandy find the Christmas she's looking for?

CJ Hawkins is captivated by the beautiful, feisty woman he meets on his flight. The only thing is, she's fresh out of a relationship, and he has no interest in being anyone's rebound. But the more he learns about Mandy, the more he's drawn to her unique mixture of compassion and spunk.

Can he figure out how to make their relationship take off before this First Class Christmas is grounded forever?
