About the Book

Danica Lara hasn't been seeing clearly. Blinded by the lure of profit in a partnership with her best friend's ex, she's also battling changes in her vision, which prompts a visit to Dr. Grady Urban, the new optometrist in town. Yet the hunky doctor who looks deep into her eyes senses that she needs more than glasses.

Trying to make a name for himself in a small town, Grady offers more than just optometry expertise as he plays armchair psychiatrist to clients who need some quiet hand-holding. With Danica, Grady finds himself attracted not only to helping her but also to partnering with her in a public school charity outreach. But mixing business and pleasure results in blurred vision for them both.

Can Danica and Grady see clearly enough to make the right decision with their time and talents but still find love in the process?
